

## DRY ELECTION CALL TURNED DOWN

### The Big Apple

A very large apple measuring 11 inches in circumference and grown in Cameron by B. Boedeker was presented recently to the editor of the Herald. Mr. Boedeker has experimented for some time with apples and has had fine success. The apple presented to the editor was of first rate variety and compared favorably with the famous apples from Washington State. Mr. Boedeker raised a large number this year.

The public speaking class of the school is staging the carnival. The carnival will be held in the gymnasium and if the weather permits a portion of the proceedings may be held outside the gymnasium.

### Theatre Poll Heavy

Indications are that more than 10,000 ballots will be cast by this week end in the football scholarship award poll now in progress at the Cameron Theatre. Mr. Swift said interest is running high with the fine spirit of interest being shown in the award competition evidenced by the popular interest being shown in the award which he is making in the first signal recognition of high school athletic. There is no indication thus far of the standing because no count has been made but the number of tickets used at the box office foretells an active interest.

### Six Man Football

Cameron will have an opportunity to see a six man football game on Wednesday night, October 26, when Ad Hall plays San Gabriel in the first game to be scheduled this year.

In this issue will be found an advertisement calling attention to the game, underwritten by Cameron merchants. Joe Gerick, Jr., is assisting the officials of the Ad Hall school in arranging details for the game. Six man football is becoming popular over the United States and local fans will have an opportunity to compare it with regular college football.

The lone Yoemen tally came in the second quarter when Harry Hughes passed ten yards to Jeff Cammer who ran 35 yards for a score. Alvin Wiley added the extra point from placement. Heap was by far the most impressive back on the field. The outstanding lineman of the game was Alec Lazek of Yoe High. Jeff Cammer of the Yoemen turned in an excellent performance at end. Horsack, playing end for the Ducks, was their outstanding lineman.

#### First Quarter

Cameron intercepted a Taylor pass on the Ducks 43. The Yoemen got back in the game as Hughes passed 10 yards to Cammer who ran 35 yards for a touchdown for the Yoemen. Wiley tied the score by making his kick from placement good. The Yoe men kicked to the Taylor 12 and Heap ran the ball back to his own 45. Heap passed to a Duck for 15. He made 6 through the center. Friends often help to edit this column and when they do readers always get something good and to the point. Here is an editorial from the San Antonio Light sent in by H. B. McClellan a reader of this column. This editorial is about an army general who recently retired from service and his parting remarks are good enough to command the attention of every American who feels the danger of the present day trends:

Major-General George Van Horn Moseley observed his retirement from the military service by giving the press of the country a statement sharply critical of political and economic trends in the nation.

This no doubt shocked army disciplinarians who think an officer should keep his mouth shut no matter what he thinks.

Secretary of War Woodring, for instance, calls the statement "flagrantly disloyal."

The general public however, sees nothing disloyal, and in fact discerns a high degree of patriotism in the stirring plea for Americanism as opposed to dictatorship which General Moseley put before the country.

Let us examine General Moseley's statement.

After saying that the world drift is away from democracy and that America is caught in that drift, General Moseley continued:

"We do not have to vote for a dictatorship to have one in America."

"We have merely to vote increased government responsibility for our individual lives, increased government authority over our daily habits, and the resultant federal paternalism will inevitably become dictatorship."

"For, when we make the government responsible for finding a living for all of us, that government must inevitably crack down on talk of the more abundant life and shift the emphasis to the enforced duty of the worker to produce as a patriotic act—to produce or be liquidated."

Is it disloyal to tell the American people that "the majority vote must make dictatorship clearly impossible if democracy is to stand in a world of dictators," as General Moseley did?

Is it disloyal to say that "If the majority cannot be depended upon to act and vote virtuously on issues vital to our well-being, then certainly American democracy is headed for destruction?"

General Moseley said nothing untrue, or nothing that the vast majority of American people do not know to be true.

He said among other things that twenty million people, a sixth of our population, are getting some form of government subsidy, creating a national debt "that cannot be paid in your lifetime or mine."

General Moseley has evinced, no disloyalty, but the highest form of patriotism.

Is it disloyal to tell the American people the TRUTH?

Is it "flagrantly disloyal" to BE AMERICAN?

Fortunately the time has not yet come when sincere and patriotic critics of un-American practices can BE KEPT silent.

### Chevrolet for 1939 Here on Saturday

R. G. Grabein and his Salesmen from Grabein Chevrolet Co., returned yesterday from Houston where they attended the Pre-Showing Convention held for Chevrolet Dealers and Salesmen for this section of the State.

The meeting was attended by 900 other Chevrolet Dealers and Salesmen, and was presided over by E. S. Graham, Zone Manager at Houston. The meeting was conducted by H. C. Howard, Assistant Regional Manager, Dallas, Texas, with the assistance of J. R. Roach, Oklahoma City; T. E. Brents, Detroit, Michigan; J. A. Turpin, El Paso; Burnham Miller, El Paso; and H. E. Burson, Dallas, and covered a discussion of the plans and policies of Chevrolet for the coming year.

After viewing the complete line of new 1939 Chevrolet models which were on display, Mr. Grabein and members of his organization state that they are more optimistic about their future business than they were before attending the meeting. Mr. Grabein stated that there are many advanced improvements in the 1939 Chevrolet, especially the modern mode streamlining which greatly enhances the appearance, together with new economy, performance and safety features. Mr. Grabein further stated that he is anxiously awaiting October 22nd when the new model will go on display in Cameron, as he has been assured that he will have in stock a supply of new models to start making actual deliveries to the buying public on Saturday, Oct. 22.

The luncheon, a courtesy arranged in Mr. Poage's honor, occurred during his visit here on Saturday at which time he spent the day in the Federal building talking with his constituents. He has arranged an itinerary of the counties of his district.

### Reunion For Glaser's Held

A family reunion and dinner was enjoyed by Mr. and Mrs. Fritz Glaser of Corinth when all of their children and their families came home on Sunday to spend the day. Those to take part in the day's festivities were Mr. and Mrs. Johnnie Glaser of Cameron, Mr. and Mrs. Arnold Jungmann and children, Doris Nell and Gloria Ann and Miss Frances Glaser of Yarellton, Mr. and Mrs. Albert Willie, who have just recently returned from Longview where they have been on a honeymoon trip, Mr. and Mrs. Arnold Glaser and family of Rogers and Joe and Willie Glaser who live at home with their parents. ## COURT FAILS TO AGREE

A petition asking for an election to prohibit the sale of liquors, wines and beer in Milam county was turned down by the commissioners' court in a special session here Thursday. Late Thursday afternoon Judge Jeff T. Kemp announced the election was not granted because the court could not agree and therefore had declined by a majority vote to authorize the election which was asked for in a petition certified this week.

On the petition were the names of 394 qualified voters. It was generally believed that there is no general demand for a prohibition election especially in view of the fact that revenue from the sale of intoxicants as well as beer goes to the old age assistance fund in Texas.

Proponents of the petition could not be reached for a statement regarding the action of the commissioners' court.

### Congressman Poage Honor Guest at Luncheon Held Here

Congressman W. R. Poage was honor ghest at a luncheon arranged by J. R. Hayes, postmaster and held in the dining room of the Cato Cafe at noon on Saturday. The guest list included nineteen close friends of the congressman who accepted invitations tendered by Mr. Hayes.

The luncheon, a courtesy arranged in Mr. Poage's honor, occurred during his visit here on Saturday at which time he spent the day in the Federal building talking with his constituents. He has arranged an itinerary of the counties of his district.

Seated at the speaker's table were Congressman Poage, Judd G. Davis, chairman of the Democratic Executive Committee, Judge Graham Gillis, E. L. Upshaw, secretary to Congressman Poage, and J. R. Hayes, the host. Following the luncheon Mr. Hayes in a brief talk explained that the luncheon was arranged as a gesture of appreciation for Congressman Poage's service and to give opportunity for friends to greet him on this occasion. He expressed his gratitude for the manifestation of interest in the luncheon and pledged the Congressman the good will and the co-operation of himself and all those present.

Mr. Upshaw opened the speaking program with a talk in which he expressed his appreciation for the privilege of meeting with friends of Congressman Poage and tendered the (Turn to page 4)

Commissioners' Court met in regular session on last Thursday, Oct. 13. A delegation of citizens from Val Verde appeared before the court to ask that their precinct lines be changed, but after due consideration, the court decided not to make the suggested change.

## Kraft Cheese Plant In Cameron Closed

Cameron's first economic setback of the year occurred this week when the Kraft-Phenix Corporation announced the closing of their milk plant in Cameron.

Although no announcements have been made by the company regarding this step, it was generally believed that considerable loss had been sustained in the operation of the plant due to lack of co-operation on the

part of the farmers and the low butter fat prices for the product, it was believed the plant could not be operated any longer. The plant was established here several years ago in the belief that this would be a profitable territory. Workmen were here this week dismantling the plant which has been located in the Frank Moore building near the central fire station.

#### Texas Flour Goes on the Air.

Looking back, I see clearly that radio has had an overwhelming influence in my life. Just looking at things on the surface, it might seem that I entered radioland by accident. Just like I entered the flour milling business—apparently a chance decision.

But the older I get the more I come to believe that the lives of even the humblest of us are governed by

something more than chance and accident. God has a plan for each of us. We think things happen by accident because our puny human minds can never grasp a larger scheme of things that must always be in the mind of the Creator.

When I think of all the happiness and joy, all the enlarged human understanding and sympathy that the radio has brought to millions of people since broadcasting began, I know

that this instrument was given to mankind for some great purpose. I here in one small section of God's footstool, in the great mission of radio. When I think of the great power for good and of the chance for human service that radio offers, I know we should all bow our heads in reverence before the Divine Power that has made it possible.

#### His First Radio Experience

Don't get me wrong. I have no delusions about my small contribution on the air. I have no messianic complex as a result of the little success I may have had in entering the homes and perhaps the hearts of many listeners through the magic of the radio. I am just a plain businessman, a flour salesman who took the air on one of the pioneer commercial programs. If I have been able to bring a little more cheer and fun into living, to help wipe away even a few tears, to help us all, including myself, to realize a little more of God's teachings in the Golden Rule, then I have not worked for ten

In memory of Mrs. Robert Boggan, the Liberty news correspondent wrote the following account of her life:

Mrs. Mary Ann Stewart Boggan aged 51, passed away at her home some time after midnight Friday night at Huffsmith.

Mrs. Boggan was a loyal Christian and was loved by everyone that knew her. The death angels came

and carried the mother away to rest in Heaven. Her voice is forever gone but her foot prints are in Heaven.

God works in a wonderful way, but often leaves sad hearts in places to dwell. In her home is a vacant place that no one else can ever take.

Mrs. Boggan was a former resident of Milam county. She was buried at Liberty Sunday afternoon at 3 o'clock. She is survived by her husband, Robert Boggan and five children, Mrs. Rex Martin of Mart, William Boggan of McCamy, Woodrow Boggan of Sanderson, Miss Ruth Boggan of Huffsmith, and Mrs. Charles R. Sikes of Oklahoma City, and three brothers, Will Stewart of Miles, Jim Pemberton and Jeff Pemberton of Lockney, also are among the survivors of the deceased.

Pall bearers were her nephews, Charley Boggan of Killeen, Frank Boggan of Plantersville, John Boggan of Hearne, Lewis Boggan, Wayne and Garland Pemberton of Cameron.

## Famous family flies for eleven years

The famous Hutchinson family is a flying family if there ever was one. Four of them, Lieutenant-Colonel George R. Hutchinson, Mrs. Hutchinson, Janet Lee and Kathryn—have been traveling for the past eleven years in their own airplane.

They have visited practically every continent on the map. Labrador, Newfoundland, Greenland, Iceland, Europe, Mexico and Central America have been covered in the past few years, not to mention the entire United States and Canada.

Like so many other great Americans the Hutchinson family cast their votes for Quaker Oats. Col. Hutchinson says, "Quaker Oats is a great breakfast for active, energetic people. I've had it for years. Recommend it because it keeps your nerves healthy and aids digestion."

Mrs. Hutchinson says, "I've given my family Quaker Oats for years." To an active family Quaker Oats offers a wealth of nourishment and food energy. It contains also an abundance of precious Vitamin B, the vitamin that braces up nerves and appetite.

## Society News

Joe Bill White was host to five couples of his friends at a party given in his home on Saturday night, Oct. 15. Dancing was the accepted diversion for the evening. Guests were Miss Kathryn Lantrip of Lake Charles La., who was on a week end visit here with relatives and friends, Misses Lucile Stedman, Martha Frances Brogdon, Norma Jean McElwath and Lucy Turner and Messrs. Grady Baskin, David Wade, Roy Dunlap, Dick Slocomb and the host, Joe Bill White. At the conclusion of the evening refreshments were served.

The attractive home of Mr. and Mrs. Henry C. Dryer was the scene of a pleasant birthday surprise party for Mrs. J. B. Oldham of Rockdale, house guest of the Dryer home. The darkened house with a Halloween witch all "lit up" greeted the guests as they arrived and lent a very unhospitable atmosphere, but when guest of honor entered through the kitchen into the living room, and lights were flashed on the unhospitality was changed to cordial welcome from the red Persian cat, "Bobby" with yellow and black ribbons flying to the skeletons of the Dryer family and all the Halloween motifs of cats, owls and bats. Five tables of 42 players enjoyed the evening, tables being arranged on the East porch and the balmy Indian summer air added to the comfort of the guests. High score for men went to Leo Laake, and low was awarded to W. J. Watson. Later guests were invited into the beautiful dining room where an Angel food birthday cake, topped with pink icing and candles nestled in the midst of Queen's wreath, that centered the lace covered table. Mrs. Oldham was presented with a knife to carve the birthday cake as her husband made the wish for the past, and present, and John Sapp made the wish for the future. Punch and cake were served the guests at their tables on the porch. Mrs. Oldham was presented with a number of gifts from friends and her hostess. Those in attendance were: Mr. and Mrs. Owen Weems and daughter, Miss Virginia, Mr. and Mrs. E. C. Cole, Mr. and Mrs. Tom R. Vaughan and daughter, Miss Wanda, Mr. and Mrs. John Sapp, Mr. and Mrs. Ray Burke, Mr. and Mrs. W. J. Watson, Mr. and Mrs. Leo Laake, Mr. and Mrs. H. N. Tate, Mr. and Mrs. J. B. Oldham of Rockdale, honor guest and host and hostess, Mr. and Mrs. Dryer.

### Gause Completes Payment on New Methodist Church

Gause Methodist church reported at its quarterly conference held last week that payment had been made in full on their new church building.

The church was started in 1933 during the height of the depression and completed the next year. It is a beautiful modern building and valued at approximately \$4,000. The credit for the complete payment a year before the note was due on the building, goes to the ladies of the church whose successful management of affairs obtained the necessary money.

It is a credit to the Gause community that they not only have a fine new church building, but also have it completely paid for before the time for payment expired.

Mrs. Herbert Colburn of Yarrington has returned from a visit that took in Lake Charles, Baton Rouge and other interesting points in La. Mrs. Colburn was visiting her sister and spent a week having returned home on Monday of last week.

Starting the day, the Knights and all local candidates went to St. Monica's Catholic Church where Father George Apel officiated at Holy Mass at eight o'clock and then gave an instructive talk on Columbianism. Following Mass, breakfast was served to the Knights in a body and the initiation started promptly at 10:30 at Knights of Columbus Hall with first degrees being conferred in the morning. At twelve, the Knights adjourned for luncheon to meet again at two in the afternoon to confer second and third degrees. Refreshments were served at the hall during the initiation ceremonies. Those upon whom major degrees

were conferred are Erwin Hollas, Roland Boedeker and Walter Plocek, Jr., of Cameron; August Helpert, Joe Pagash, Ruby Wunsch, Joe Wunsch, Elmer Mees, Willie Mees, Bill Olbrich, and Hubert Janicek of Burlington; Fred Breger of Westphalia; R. S. Mitchell, Joe Bargas, Ruebin Sleva and Cecil Braden of Waco. At seven o'clock p. m. a banquet, under the sponsorship of Fred Jackson, was given in the banquet hall over the Blue Bonnet Cafe with a delectable menu being served to 165 including state officials, candidates, members, K. C. Council and their wives and sweethearts.

On the program for the evening were a number of prominent Knights of Columbus state officials including John A. Peninger, district deputy of Austin Graham Gillis, district judge, of this city; F. J. Kinane, state secretary of Austin; Rev. Patrick Haggerty, C. S. C., State Chaplain and president of St. Edwards University of Austin; and C. K. Walsh, state deputy of Wichita

Falls, who for the first time was ever in Cameron for an event of this kind. J. C. Andres of Cameron was master of ceremonies. Another important guest who took part on the program was Charles Schneider, Sr., past state deputy of Austin.

Miss Edna Richter of Austin visited her parents, Mr. and Mrs. Frank Richter here Sunday.

## O'Daniel

(Continued from page 4)

years in vain.

Who does not remember the first time he came up against the miracle of wireless sound? My first experience was back in the early 1920's I had gone some ten or fifteen miles south of Anthony to Manchester. A friend had a crystal set with earphones. There was a little station in Anthony broadcasting at the time. I put the ear piece on and when I actually heard the voice of the broadcaster, I could not believe it at first. I got a great kick out of it—one I have never forgotten.

Some time in 1928, when I was in the midst of popularizing Texas flour for Texans, the idea of a radio broadcast was first put up to me as general manager. It happened this way. Several young fellows, musicians, were out of jobs and called on me at my office. There was Milton Brown, just a country boy from Stephenville, who was the singer. Bob Wills played the fiddle and Herman Arnspacher played the guitar. I wasn't interested specially in the idea as a business proposition, but I said I would like to hear them play. They must have guessed my weakness for old-time fiddle music—for hillbilly and mountain music. Because when they had finished their first—probably "Sally Gooden," or "Turkey in the Straw" or whatever it was—I knew they were good.

### Programs Begin to Catch On

Before I knew it, I had agreed in that first tryout in my sale office to take a try at a radio program for a thirty-day period. It was over GFJZ then just a homeade radio station in a little back room in Meacham's store. Mr. Meacham owned the 100-watt station but Truitt Kimzey, a merchant genius if there ever was one, had charge. The transmitter was on top of a telephone post at the end of town. The station probably could be heard as far as ten or fifteen miles from Fort Worth.

I forget what we paid for those first programs. Probably Milton and the boys weren't overpaid for their services, although I know they were

glad to get the job. We didn't pay much for the time on the station. As a matter of fact, to begin with it wasn't worth much. Sponsored programs were a new thing. Evidence that we were selling much flour as a result of our radio programs was pretty slim at first.

As the first thirty-days trial neared an end, I doubted whether it would be worth while continuing—much as I enjoyed the boys on the air myself. There had been practically no phone calls and hardly any letters or cards from listeners. Then all of a sudden I found about thirty cards on my desk.

Thirty people had written in to say how much they enjoyed the Light Crust Doughboys. Yes, sir; was I impressed! Then I got to looking closely at those cards. There were just three handwritings on those thirty applause cards! That may have been the birth of the stacked post card poll. The trick didn't fool me, but I figured there was nothing phony about the music those boys played. So I renewed their contract and decided to try it for thirty days more.

Soon the program began to catch on with the radio fans. Soon the management of the flour mill had tangible evidence that the cost was worth while.

In those early days of our radio programs, I didn't have any part in them. How I became our announcer was, again, a sort of an accident.

### W. Lee O'Daniel Speaking

Being merely the commercial sponsor of the radio program eight and nine years ago, I was not supposed to have much to do with the program. But I've always liked music and soon found myself up in the studio at broadcasting time about as often as around a radio receiver.

When our programs got more popular, invitations for the Light Crust Doughboys to appear in person started coming in. So Truitt Kimzey fixed us up a homemade loud-speaker system we put in an old bus we rented, and we started making short trips out from Fort Worth.

One day we went along on a short good-will tour that the Fort Worth

Chamber of Commerce was sending out. At the last minute Truitt found he couldn't go, and so he told me I would have to do the announcing. I wasn't scared, although I'll admit I felt a little funny at first when I started talking into that microphone. He Became Regular Announcer.

Our first stop at Weatherford. People gathered around the parked bus. I just started out talking, sort of kidding myself and kidding them about the substitute announcer. I got a few laughs out of the crowd, and they told me to go on.

Well, I never got over the thrill of talking through the microphone. Gradually I worked in to announcing regularly on our programs. Yes, sir, and was I set up when a letter came in one day saying the new announcer was not so bad, either.

I can never fully express my appreciation to the fine performers that have been with us since we started on the radio ten years ago. There have been more than fifty excellent musicians and entertainers. Some have gone on to have fine bands of their own; poor Milton Brown—the splendid young fellow I used to announce as "the boy with the golden voice" was killed in an automobile accident a few years ago. The one that has been with me longest is Leon Huff. I liked him so well and he has been so faithful to me that I gave him an interest and made him secretary when I organized my own company in 1935.

### Popularity of Program Grows

The popularity of our programs grew so that other radio stations sent folks to see us. The operators of WBAP wanted us to buy time on their station. Their rates were so much higher than we had been paying that I didn't think there was any chance at all. Harold Hough was the boss then, as now. They had a young salesman trying to sell time—and not having much luck. He was sure trying to make a sale. He'd talk to me, then go back to Harold and then return to my office.

The rates on radio have advanced tremendously since I started. They are on a different basis now than then. No longer can you dicker

around or horse trade like you used to be able to do. Now it's a well-established service at a fixed price for all; you either pay it or you don't take the service.

But back there in the old days of radio, WBAP made us a tryout proposition we thought we could afford to pay. We started on their larger station—it had 10,000-watt power then with studios in the Blackstone Hotel, as now. We had been on the air each morning at 7 o'clock. I always liked that time. I figure the folks who are up early in the morning are among the liveliest go-getters in this old world. Their minds are fresh at that time of the day, and they haven't had time to let little worries fret or bother them, I went by the station every morning for my part in the program before I reached the sale office. Our new series on WBAP was started on a new time—12:30 noon, which proved to be a very popular time.

In addition to those programs from Form Worth, I would take the boys every Wednesday night to a little radio station at Dublin, where we made a new circle of friends in radio-land. Then, on Friday nights, we added a thirty-minute program at Waco. That was before there were any networks in Texas.

When our program started on KFJZ back in 1928, I don't think we could have had more than about a thousand listeners. The lack of radio receiving sets and the small power of the transmitter kept the air audience pretty small. Today on such a hookup as the Texas Quality Network, I estimate that we have well over \$1,000,000 listeners for a regular program. During the campaign for the nomination as Governor, this number was probably much larger.

At one time I was the only local commercial sponsors on WBAP. That was when the radio business wasn't so good.

Many a time Harold Hough would come into the studio and say, "Lee, we haven't got anything to go on after you are through. Won't you and the boys play about fifteen or twenty minutes more for us?" And on we'd play, not realizing

then that we were burning up hundreds of dollars worth of valuable radio time.

# DOCTORS' WIVES USE SOAP THAT REMOVES GERMS AS WELL AS DIRT

*Helps keep children healthy, they tell investigator*

Doctors' wives are alert to the danger of germs on hands. A recent investigation among doctors' wives shows that many use Lifebuoy Health Soap for themselves and for their children. It is a well-known fact that Lifebuoy removes germs as well as dirt, and thus helps keep children healthy. No doubt most of these women learned from their doctor-husbands that the germs of 27 or more diseases may be spread by busy, grimy little hands. What more natural, therefore, than their choice of Lifebuoy—a very sensible precaution! Every time youngsters wash with Lifebuoy they wash away many dangerous germs.

that may be clinging to their hands. Mothers who understand the great menace of germs insist that their children wash their hands regularly with Lifebuoy, especially before meals. Though popular as a health soap, Lifebuoy is famous for bath and complexion, too. More men, women and children in America bathe with Lifebuoy than any other bath or toilet soap. Lifebuoy contains a special purifying ingredient not present in any other popular toilet soap—that's why daily baths with Lifebuoy stop "B.O." as no ordinary soap can. Yet Lifebuoy is mild—over 20% milder by test than many leading "beauty" and "baby" soaps.

services of his office to the people here in any service he might be able to render. Mr. Upshaw was formerly district supervisor for the old age assistance commission in this territory.

Congressman Poage, the next speaker, declined to enter upon a long discussion of pending problems but responded well to the spirit of the occasion which was a gathering of neighbors and friends for an informal luncheon. Mr. Poage explained why he had arranged these visits to these sections of his district, stating that it is a convenience for many who wish to speak to their congressman and who are unable to make the long journey to his office in Waco or to Washington. He said he was not unmindful of the fine compliment which the luncheon paid to him personally and to note so many personal friends among the guests gave him great pleasure. He said he was working diligently to serve his district and told the men as a representative group to call upon him without hesitation on any problem that on which they may desire his co-operation.

E. G. Eggert who lives in Atlanta, Ga., and who is on his way to attend a Public Health meeting in Kansas City, visited awhile at the Herald office on Wednesday afternoon. Mr. Eggert receives the Cameron Herald each week at his home in Atlanta and came by for a copy to read while on his journey. He will make stops at Waco, Austin, Dallas and other cities along his route.

The Ducks kicked to the Yoe 15 where Allen took the ball and lateralized to Wiley, but the lateral cost the Yoeman 3 yards. The ball was on the Yoe High 12. Lucas pass incomplete three times, then kicked out to his own 43. Yoemen were certainly missing Harry Hughes who had been taken out of the game with a sprained ankle. Heap took the ball to the Yoe 30. Ducks kicked to own 40. Cammer and Lazek

were both playing heads up ball although the Yoemen were behind. Taylor recovered their own punt on the Yoe 19. Lazek set Heap for a yard lost. Ducks went to the 16. Heap threw to Clark who was in the end zone, but the pass fell incomplete. Clark attempted a field goal from 20 which fell short by inches. Cameron had the ball on its own 20. A Taylor substitute talked and the penalty put the ball on the Yoe 35. Lucas kicked out of danger, game ended.

The Yoemen line missed Clifford Guess quite a bit as he was out with a back injury.

## Motion Picture Cooking School Opens Oct. 26

### Public Invited; No Admission Charge

Lock the doors and come to town! The Cameron Herald's Motion Picture Cooking School entitled "Star in My Kitchen" will be the real community attraction for three days at the Cameron Theatre starting Wednesday, October 26.

This fascinating and different cooking school is open entirely free to every woman in town, and the Cameron Herald as well as Cameron merchants extend this last invitation to join in the home-making lessons and jolly entertainment for at least one day.

The Motion Picture Cooking School will be a practical rally of home makers to contribute fresh perspective for the "same old job," the monotonous day-in-and-day-out job, yet the most important business in the world. Just as men have their annual conventions, where they listen to lectures from specialists, local women will have their convention to consider home-making problems.

Just as fresh inspiration for the job is one of the by-products of the

familiar cooking school, which presents a lecture in a model kitchen, so are new ideas and keen incentive born in the film class for home-makers, with its novel approach and modern setting.

No "false-front" camera-beautiful kitchens satisfied these specialists. They insisted on working in complete, compact, modern kitchens, which actually reflect more scientific ingenuity and careful planning than any living room.

Recognizing the demands of home experts, the producers of "Star in My Kitchen" signed all-star kitchens, with an all-star cast, adding a continual procession of close-ups, so that every seat in the Cameron Theatre is a good seat for this amazing-pictured home-making course.

Everyday happenings have been dramatized in the plot of "Star in My Kitchen." Behind the sparkling humor and suspense that are so necessary to screen stories was a deliberate plan—an ambitious determination to carry instruction, in-

#### Your Invitation to the Cooking School

Cameron's first motion picture cooking school, "Star in My Kitchen," will open at 9:30 Wednesday morning October 26th at the Cameron Theatre. There will be no admission charge. After each show free gifts will be awarded. Home Demonstration Clubs and 4-H Club girls over the county are invited to attend this show which will be on the screen each morning at 9:30 beginning Wednesday, and ending Friday.

spiration, and worthwhile home news to women in every community.

The camera took its time and it took its close-ups, so that every person in the Cameron Theatre will have a "large as life, and twice as natural" view of each operation. There will be no "orchestra circle" at this entertainment, since the back row guests of the Cameron Herald will have an equal chance to peer into the busy mixing bowl, watching the deft steps of measuring, cream-

ing, sifting, and thorough mixing, not overlooking the final work of baking, roasting, French-frying, or freezing.

For this is no half-hearted demonstration. Each delicious dish will be completed and shown with such realism that there are sure to be hungry "ohs" and "ahs" from the audience. If any stray husbands get into the theatre, they are certain to ask, "When do we eat?"

Keeping up-to-the-minute on fresh discoveries to ease the home man-

ager's burdens, is one of the jobs of the household specialists who supervised the demonstrations in this profitable cooking school. Because they have devoted years of training and study to home problems, these capable experts know how to help other housekeepers to run their homes more smoothly, interestingly and economically. Under the glow of their enthusiasm and creative skill, a well-cooked meal becomes elevated from "just a job" to an artistic achievement, requiring skill and imagination.

Not only does this picture show new dishes, styles and interesting ways to serve everyday meals and party feasts, but it demonstrates how to make intelligent use of the ingenious mechanical servants that take the guess work out of house work.

What about receipts? Naturally every guest of the Cameron Herald will want to test these tantalizing cures for menu monotony. Free recipe sheets will be distributed daily

And other things will be given away—valuable gifts that will find long and useful life in many a home.

Does your house run you? If so, why not accept the Cameron Herald's invitation to join the neighborly cooking school party, starting at 9:30 a. m. in the Cameron Theatre.

Remember the dates and opening hour: Wednesday, Thursday and Friday, October 26, 27 and 28, starting each day at 9:30 a. m.

#### Free Prizes to Be Given at Motion Picture School

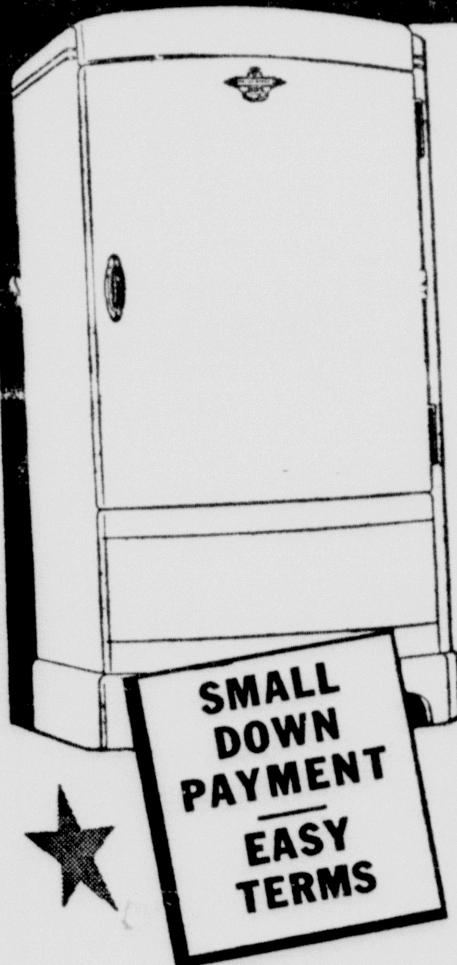

Free prizes will be given after each performance of the motion picture, "Star in My Kitchen," which will be shown at the Cameron Theatre on Wednesday, Thursday and Friday, October 26, 27 and 28.

These prizes are being given by national distributors and local merchants. Each one will be given an opportunity to share in these awards.

BEN ARNOLD

We have just finished our first month of school work and it has been fine so far.

Some of the Ben Arnold citizens attended the funeral of Mrs. O. J. Brod's mother Monday, October 17.

The Cardinals still have not begun their basketball practice but it looks as if it is going to rain. When it does rain we are going to begin our practice. We are hoping that we can start soon.

The Ben Arnold Baptist church is without a pastor. On Sunday, Oct. 16, Rev. James Taylor of Waco was our visiting preacher.

A group of the Ben Arnold men attended the rodeo at Huntsville during the week end.

Mr. Yarrley has left on a trip to visit with Mrs. Hargrove in Marshall.

Cameron B Squad  
To Play Holland  
October 20th

The Cameron B Squad met the heavier, more experienced Oenaville team here last Thursday and lost 20 to 6, but only after the local boys put up a stubborn, tough front in an effort to check the running and passing offense of their opponents, most of whom are three letter men. According to the Oenaville coach, L. P. Heard, his boys were in top form for the game against the team of their former coach, R. T. Patterson. Oenaville scored in the, third and fourth periods with end runs and center plunges.

Cameron's score came in the fourth quarter with a pass from Price to Thompson and then a run by Price from the eight yard line with an off tackle to the right.

Working on pass defense and also on weaknesses shown by the linebackers in the Oenaville game, this week's practice is being concentrated on a passing defense designed to offer the heavier Holland lines, which is due to stop the running attack of the B Squad. Patterson has added one new play and has rearranged his line in preparation for the Holland game there on October 20. Holloway 150 pound halfback, will captain the Holland game for the B Squad.

## POSTED NOTICE

This is to give notice that the lands owned by the undersigned have been posted according to law against hunting, fishing, pecan picking and trespassing of any nature. These lands are located on Little River west of the Norman Valley Bridge. Pecan pickers are especially prohibited from trespassing on this land or gathering pecans. Anyone caught violating this notice in any way will be prosecuted to the fullest extent of the law.

## Now Get This Straight, Bill!

"What this country needs"—according to this emphatic young citizen who emulates his father in discussing the economic situation—"is plenty of ripe bananas!" Bill, the listener, seems to be taking it in between big bites of the mellow fruit. A rugged individualist, he agrees a fellow likes to peel his own.

WHEN your Junior or Jane takes time out to eat his favorite fruit, that's one time you need not worry. Bananas—the fully ripe ones with the brown flecks on the peel—are "good as gold" for the children and thoroughly digestible. The famous Dionne quintuplets were fed mashed ripe bananas before they were a year old. Doctors advise giving babies thoroughly ripe bananas as one of their first solid foods; the bananas are mashed, strained, whipped into milk or fed with a spoon.

Bananas contain four valuable vitamins—A, B, C and G. They are rich in minerals, natural fruit sugars, and they have an alkaline and slightly laxative reaction in the body. Combined with milk, bananas make an almost perfectly balanced meal. Besides, they taste so good and are just right for small hands to hold because they come in nature's own germ-proof package, which makes the best of all possible "handles" for eating the delicious fruit.

## Hollywood sets the Fashion for Complexion Care

We're always interested when screen stars give us a practical tip on beauty care. Did you know that 9 out of 10 Hollywood screen stars entrust their priceless complexions to a popular, inexpensive soap? Of course you know how important it is for them to keep their complexions fresh and lovely. So you can be sure that a complexion care they depend on will work for you.

This mild white soap has an ACTIVE lather that prevents choked

LORETTA YOUNG, 20th Century-Fox Star

pores. When you let pores become choked, you are inviting Cosmetic Skin. Cosmetic Skin, you know, is the unattractive modern complexion trouble that means dullness, tiny blemishes, enlarged pores—and when it comes, it's difficult to correct. It's much wiser to guard against this danger.

Here's what Loretta Young, whom you see above as she looks in her own bathroom, says: "I advise every girl to guard against Cosmetic Skin as I do. I use cosmetics, of course, but I always remove stale powder and rouge thoroughly with Lux Toilet Soap. It's a safe, easy care that keeps skin soft and smooth."

All you have to do is use this nice soap before you put on fresh make-up and ALWAYS—no matter how late it is or how sleepy you are—before you go to bed—and you'll have no worries about Cosmetic Skin.

### Hollywood's Beauty Bath

Again the screen stars give us a valuable tip on beauty. They use their favorite complexion soap as a beauty bath, too.

It's a wonderful substitute when you haven't time for a beauty nap—takes just a few moments and you feel refreshed—sure of daintiness. The ACTIVE lather rids the pores of stale perspiration, every trace of dust and dirt—leaves the skin really sweet, with a delicate lingering fragrance you'll love.

## Child Welfare Work Makes Progress Here

Child welfare work is an important element in the progress of any community or state. The purpose of child welfare is to insure to every child with whom it is able to contact an opportunity for full development of his mental, physical, and spiritual potentialities.

Child welfare work in Milam county under the supervision of Mrs. J. P. Love, desires to aid needy individuals and to disseminate the knowledge that those in need can receive attention and help. Much good is being done with the facilities available and a much broader field

lies before the welfare board.

The Board meets monthly alternating their meeting place between Cameron and Rockdale. The next meeting is to be held in Cameron at the home of Mrs. B. Winfield with Mrs. Love presiding, on Nov. 3, at 3 o'clock p. m. The County Health Board will also meet at the same time and same place.

## State Ownership Of School Busses Being Considered

Bus drivers, their salaries, etc., was a big issue in the recent election campaign and the most recent step taken in this direction is a study of bus transportation in North Carolina, which L. A. Woods, state superintendent of education, strongly advocates.

In a letter to Reese Turner, representative elect of Milam county, Mr. Woods said he recommended a set-up for Texas similar to the method of bus transportation now being used in North Carolina and stated that he believed it to be the most economical move he knew.

In short the plan calls for state owned busses with school boy drivers. This method has been in effect in North Carolina for the past several years and is thoroughly appreciated there. The drivers are carefully selected, examined, trained, tested, and are required to obey the strictest regulations and laws. They must be sixteen years old and in perfect physical condition, of high intelligence, and dependability.

The state owns the busses, pays all operating expenses and repairs and pays the school boy drivers a salary of \$9.50 per month, making the total cost \$6 per pupil per year as compared with something over \$11 per pupil in Texas. The busses are equipped with governors making it impossible for them to be driven over thirty miles per hour, every precaution for safety is taken and

North Carolina has a very impressive safety record having had only three fatalities in four years.

Mr. Turner, in reference to the plan, said he could not say whether or not he would favor the plan. He said he believed the safety of the children was the first consideration and that school boy drivers might not prove as reliable as adult drivers. He also said the present school bus owners and drivers should be taken into consideration and that he would oppose any plan of state ownership of busses that did not provide for purchasing at a fair price all busses now owned and operated by independent individuals.

John Thweatt of Maysfield and G. T. Isobell of Minerva were both Cameron visitors Saturday.

W. B. Porter, former county commissioner of Gause was in Cameron Monday.

So EASY to bake and fry with Spry—foods are doubly delicious, so digestible

THERE'S a delightful new motion picture coming and it's FREE. Be sure to see "Star in My Kitchen." Watch this paper for time and place. You'll find real entertainment in it and real help, too. For it shows you a new, easier way to bake and fry—with Spry, the new ALL-vegetable shortening.

Cooking experts for 281 home-making schools say Spry's the

creamiest shortening they ever used. Cakes are mixed in half the time with Spry, yet they're lighter, finer, with a wonderfully delicate flavor. Just try this recipe. See if the most expensive shortening ever gave you so delicious a cake.

Spry pastry is flakier and more tender—Spry-fried foods crispier and tastier and so digestible a child can eat them. Try Spry today.

OLD FASHIONED  
CHOCOLATE LAYER CAKE

1/2 cup Spry 2 cups sifted flour  
1 teaspoon salt (cake flour preferred)  
1 cup sugar 2 1/2 teaspoons baking powder  
2 eggs, unbeaten 1/2 cup milk

Combine Spry, salt and vanilla. Add sugar gradually and cream until light and fluffy. (So quickly done with smooth, creamier Spry!) Add eggs, one at a time, beating thoroughly after each addition.

Sift flour and baking powder together 3 times. Add small amounts of flour to creamed mixture, alternately with milk, beating after each addition until smooth. Pour batter into two 8-inch layer pans greased with Spry. Bake in moderately hot oven (375° F.) 25 minutes. Spread Chocolate Frosting between layers and on top and sides of cake.

## CHOCOLATE FROSTING

2 tablespoons Spry 1 1/2 cups sifted confectioners' sugar  
1 tablespoon butter 1/4 teaspoon vanilla  
3 ounces chocolate 1/4 teaspoon salt  
5 tablespoons hot milk

Melt Spry, butter and chocolate together over hot water. Pour hot milk over sugar and stir until sugar is dissolved. Add vanilla and salt. Add chocolate mixture and beat until smooth and thick enough to spread. Makes enough to cover tops and sides of two 8-inch layers.

# Sunday Morning is Pancake Morning

For millions of families Sunday morning means more than getting an extra wink of sleep. It means they will awake to the tantalizing aroma of pancakes baking on the griddle.

And when those pancakes come "hot off the griddle" the meal maker can be sure they'll be tender, fluffy and flavorful. Because modern day pancake ready-mix takes the guesswork out of pancake making. According to directions on the Aunt Jemima package you just add milk or water—stir—bake—and serve. These modern pancakes do away with all the fuss and bothersome ingredients, but they still have that good old fashioned tastiness.

## HAM PANCAKES

And to satisfy that "meat for breakfast" hunger there's nothing better than Ham

Pancakes made from the following ingredients:

1 cup Aunt Jemima Pancake Ready-Mix  
1 1/4 cups water, or milk  
1/2 cup baked ham, minced

Mix and bake according to package directions. This recipe makes eight cakes.

## CREPE PANCAKES

Crepe Pancakes are surprisingly good and always call for an encore. If you like them French style and tissue thin, tip the pan as you add the batter so as to produce the thinnest possible coating over the bottom of the pan. Then bake to a golden brown. The following ingredients will make ten or twelve cakes:

1 cup Aunt Jemima Pancake Ready-Mix  
1 1/4 cups milk

Mix and bake according to general directions and serve rolled, either plain or with a powdered sugar and jelly filling.
